## ABOUT OUR COMPANY

We hereby introduce ourselves as Global Power Industries, an ISO 9001:2008 and ICAT certified company, a leader in manufacturing of E-Rickshaw and Inverter Battery in our region. Our company, Global power industries was established in the year 2007 & it is in 13th year of its progress. Started with Inverter & Solar battery the company was established with an aim to make the Brand Glotech Batteries synonymous with Trouble free performance for a number of years. More than a decade long of our stay in the cut throat competitive market speaks itself about our Quality n compromised Customer Service & Satisfaction.

In the year 2015 the company sensing the potential of the E-Rickshaw market segment started specializing in E-Rickshaw battery.

### OUR VISION

#### CUSTOMER'S EXPECTATION

GLOTECH understand our customer's and exceed their expectation. We fully understand our commitments and believe we can meet them.

#### GROWTH ORIENTED

GLOTECH believes that attaining perfection is a never ending process and we continuously upgrade our manufacturing process, design and product range to head towards perfection.

#### PERFORMANCE DRIVEN

GLOTECH believes that attaining perfection is a never ending process and we continuously upgrade our manufacturing process, design and product range to head towards perfection.

### INVA TUBULAR BATTERY

Model	Capacity@ C10	Volte	Length	Width	Height	Weight (kg) (+/-3%)
GTB 260	260 AH	12V	515	190	390	68-69
GTB 220	220 AH	12V	515	190	390	65-66
GTB 180	180 AH	12V	515	190	390	60-61
GTB 165	165 AH	12V	515	190	390	55-56
GTB 150	150 AH	12V	515	190	390	53-54
GTB 120	120 AH	12V	515	190	390	51-52

### E-RICKSHAW BATTERY

Model	Capacity@ C10	Volte	Length	Width	Height	Weight (kg) (+/-3%)
GER 1900 Traction Tubular	125 AH	12V	412	175	235	32 KG
GER 2100 Traction Tubular	130 AH	12V	412	175	275	36 KG
GER 2200 Traction Tubular	135AH	12V	412	175	275	37.3 KG
GER 2300 Traction Tubular	140 AH	12V	412	175	275	38.5 KG
GER 2500 Traction Tubular	160 AH	12V	412	175	275	40.5 KG

### AUTOMOTIVE BATTERY

Model	Capacity@ C10	Volte	Length	Width	Height	Weight (kg) (+/-3%)
GAB 150	150 AH	12V	515	190	221	42-43
GAB 100	100 AH	12V	412	175	235	29-30
GAB 90	90 AH	12V	412	175	235	27-28
GAB 80	80 AH	12V	305	173	227	23-24
GAB 70	70 AH	12V	260	173	227	19-19.5
